PREFACE

In a democracy, the elected representatives play a vital role for deliverance of good' governance. The representatives are the link between the people and the Government. They are there to redress the grievances of the electorate, i.e. the people. A responsible representative can do and has done, yeomen service to the people and to the society. People from every nook and corner of a constituency meet their representatives to solve their grievances. The representatives shoulder great responsibility for the upliftment and development of the society.

Sometimes, people find it difficult in getting the details of the elected representatives. Electorates should be aware about the personal details, like education, marital status, date of birth, previous important positions held, No. of children, hobbies, tours and travels etc.

To meet these needs of the people and to make the representatives known to a wider circle, not only in Odisha but throughout India, this Secretariat is publishing periodically a "who is who" of the members of the Odisha Legislative Assembly. The present volume is the Thirteenth publication of the members of the Fifteenth Odisha Legislative Assembly along with their photographs. The biographical sketches have been prepared on the basis of the information received from the members.

I hope this book would definitely be of great help those interested in the study of Odisha politics and society. The Research Branch of the Odisha Legislative Assembly did an uphill task in preparing this book and for which they owe deep appreciation.
