# ODISHA LEGISLATIVE ASSEMBLY

# PREFACE

Elected representatives to legislatures play a vital role for deliverance of 'good' governance in a democracy. The representatives are the link between the people and the government. Their primary responsibility is to redress the grievances of the electorate, i.e., the people. A responsible representative can do, and has done, yeomen service to the people and to the society. People from every nook and corner of a constituency meet their representatives to solve their grievances. The representatives shoulder great responsibility for the upliftment and development of the society.

Sometimes, people find it difficult in getting the details of the elected representatives. Electorates should be aware about the personal details of their representatives to know them better.

To meet these needs of the people and to make the representatives known to a wider circle, not only in Odisha but throughout India, this Secretariat is publishing periodically a "Who is Who" of the members of the Odisha Legislative Assembly. The present volume is the fourteenth publication of the members of the sixteenth Odisha Legislative Assembly along with their photographs. The biographical sketches have been prepared on the basis of the information received from the members.

I hope this book would definitely be of great help to those interested in the study of Odisha politics and society. The Research Branch of the Odisha Legislative Assembly has done outstanding work in preparing this book. I commend the Officers and Officials of the Branch for their contribution in bringing out this publication.
